ABOUT OUR PROGRAMME

Brookes Russia Day Camps are carefully designed to provide children with a fun and educational experience during their spring holidays. Our programme reflects both the School's Philosophy and the core IB Principals. All programmes are conducted entirely in English, providing your child with an immersive language experience. Campers will have the opportunity to improve their language skills, make new friends from all over the world and enjoy a range of engaging fun-filled activities every day. Our Spring Camp will run from 25th March to 29th March, each day will have its own unique theme to keep your children engaged and entertained throughout their spring holiday.

We have designed our programme to be activities-packed and make the most of our extensive modern facilities including science laboratories, art rooms, spacious library, performance theater, swimming pool, outside playground area and more.

ABOUT OUR PROGRAMME

Our international team of experienced and qualified staff will lead a range of activities, including sports, arts and crafts, science masterclasses, and team-building exercises, and much more. Our day camp is currently open to children aged **5 to 11 years old (Years 1 - 6)** and we have carefully crafted our programme to cater to a wide range of interests and abilities. Your child will develop new skills, make new friends, and create lifelong memories and make the most of their spring holidays!

GENERAL INFORMATION

Our Day Camp programme will run **Monday through Friday from 09:00 until 16:00**. Campers will be divided into groups based on their ages. Every day will consist of at least four different activities, designed to encourage children to try something new, and unlock their hidden interests and potential.

Regardless of each day's unique theme, campers will have daily sports activities, which will vary from team games and relays to swimming, making full use of our extensive outdoors and indoors facilities. On one of the days students will have a day trip to an exciting venue that will be both entertaining and educational. All campers will attend the trip, costs are covered by the programme fees.

Children will be provided with three meals - breakfast, lunch and a light afternoon snack.

BROOKES DAY CAMPS - SPRING SEASON 2024

Dates: 25th March - 29th March

Each day of our Brookes Russia Spring Camp programme will have its own unique theme with a variety of activities designed to encourage our campers to try something new and get to know other campers and their camp leaders.

Children will explore their creativity and bring their most exciting ideas to life on their journey through our 'Superhero Training Academy' and 'Space Explorers' days, the 'Ocean Adventure' and more. And, of course, they would love our Trip Day, when they get to travel to an exciting venue outside of the Brookes Moscow Campus along with their friends and camp leaders.

This week is a wonderful opportunity to explore different areas of knowledge and immerse in an english environment without a focus on any specific central theme . A truly unforgettable experience!

REGISTRATION & FEES

Registration is now open for all children aged 5 to 11 years (Year 1 - Year 6). You do not have to be a current Brookes Moscow student to sign up for our spring camp.

Register your camper(s) by filling in one of the forms.

Please note that you CANNOT register for individual days. **programme Fees differ for Brookes Students and Non-Brookes Students and can be found in the respective Registration Forms.**

After the application is submitted, you will receive the payment link and a contract for review and signing.
